PRINCIPAL MESSAGE

Dear Parents and Students,

Greetings from Maharishi Vidya Mandir - Puducherry!

I hope this message finds you all in good health and spirits. As we enter the month of May 2023, I would like to share with you some of the developments and accomplishments of our school in the past month.

First of all, I am very happy to share that our bridge course for all classes after the term end exam to make them familiar with the new elevated class went on well. Though the heat wave was so strong, children enjoyed the classes through interesting activities and exciting sessions by our teachers. Though I was not physically present for the KG awards day and for Pink day celebrations by our little ones, I have got a chance to see these events through social media and enjoyed the same. My hearty congratulations to the kids, parents and MVM Team for their wonderful efforts.

Secondly, the hard work taken by our team to make our summer camp a successful one was really appreciable though many of the students did not turn up as we expected, everyone, who has taken part really enjoyed each and every moment of the camp and were benefitted. Lastly, this is the time for us to plan our next academic session to be started from June 2023 through curriculum planning, teacher orientation programme for newly recruited teachers, faculty development programme throughout this summer.- At this juncture I seek your support to work together to overcome any obstacle and to achieve all goals and I am sure that our team will make our school a centre of excellence and a happy place for learning,

Thank you.
