WHITE DAY (01.07.2024)

Wherever the art of Medicine is loved there is also a love of humanity &

To Doctors MUM Kindergarten organised a "Doctor's & White Day" on July 1st. This day aims to promote doctors' work and honour doctors who have dedicated their careers to social service. White represents peace, purity, innocence, brightness, and goodness. White Colour can inspire, excite, soothe, heal and even agitate. This is particularly true for children.

To infuse the concept of white colour to the tiny toddlers celebrated White Day & Doctors Day. The children dressed up as doctors and nurses and participated in a role play in which they played as doctors, learning about doctors' important role in society. This activity was designed to teach interpersonal skills. They discussed the significance of National Doctor's Day with their teachers and learnt about how doctors play a vital role in protecting lives, as evidenced by the pandemic.

FIELD ARCHERY ASSOCIATION (28.06.2024)

A great archer's aim is more important than their arrows. The beginning of the archery journey is the urge to shoot a bow and watch our arrows soar.

The ARCHERY tournament of the VAYMA ACADEMY of puducherry state participated in the 5Th national Field archery Online E-Championship 2024. Our Student Niranjana S of Grade U performed exceptionally well in Bare bow Recurve under 10 boys and achieved 3rd Prize earning medals and certificates in the course of their efforts.

SHOW AND TELL (03.07.2024)

The Show and Tell activity was conducted on 3rd July 2024, Wednesday, for our Grade I and II blossoms and on the topic "If I were a kite". Today, the children in our class shared their thoughts about what it would be like to be a kite.

The children's imaginations ran wild as they shared their creative thoughts. Their responses were as colorful as a kite's tail. Their imaginations know no bounds, and we love seeing the world through their eyes! This activity helped in developing a little bud of confidence, eradicating stage fear in kids' heart in their early age.

FINGER PAINT(03.07.2024)

It's pretty simple really; finger painting is painting with the fingers! It's a great way for children to explore, learn and develop through sensory play. Our little artists in kindergarten had a blast today exploring the world of finger painting! They dipped their tiny fingers into vibrant colors and created beautiful apple-shaped pictures. It's not just about art; it's about sensory learning and fine motor skills development. Way to go, tiny tots! Keep exploring and creating!

SHOW AND TELL (03.07.2024)

Our LKG students in Maharishi Vidya Mandir, Puducherry, learn best when they can see, hear, and experience things first-hand. Multi-sensory learning is an important part of school life, and school tours answer the requirements of all five senses. Giving equal weightage to both indoor as well as outdoor activities is what will make children well-prepared for what lies outside in the real world. Unfortunately, most schools tend to treat field trips as a novelty rather than a necessity. Let us tell you why field trips should be given due importance and how they contribute to a well-rounded education.

JAVELIN THROW(04.07.2024)

Our Juvenile of MVM played Javelin Throw enthusiastically and joyfully showed their talents. A javelin is a light spear designed to be thrown. Historically it was a weapon, but from the Ancient Greeks to today it was used for sport. The weapon is almost always thrown by hand.

The javelin throw is a sports event, a field event that survives from the original Olympic Games. The athlete holds the javelin in one arm and, while running, throws it as far as possible. It is an official Olympic sport. The javelin is designed for Kids to develop their throwing skills and improve their accuracy. Their first step into the track & field world and set them up as future Javelin throwers.

BUNNY ACTIVITY(04.07.2024)

Congratulations to Winner's for their outstanding performance and impressive knowledge.

TOILET HABIT ACTIVITY(05.07.2024)

MVM Kindergarten had a Toilet Habit activity on July 5, 2024. The children learnt that good hygiene included more than merely showering or brushing their teeth once a day. Consistently protecting oneself from germ-borne diseases is key.

The first set of regulations would be fundamental house etiquette, such as good restroom manners. Children should understand how to be safe and respectful in restrooms, whether at home or in public. Many people believe that flushing the toilet and washing your hands is enough germ prevention, however this is not always the case.

STORY TELLING (05.07.2024)

"Storytelling is the most powerful way to put ideas into the world today."

Storytelling is a pleasant way for children to become familiar with words, syllables, and sounds that they may not have encountered in ordinary conversations. This helps youngsters widen their vocabulary since they learn new words as they hear them.

When narrating stories, children should be encouraged to ask questions and discuss their feelings, the narrative, and the characters in the story. This will encourage children to express themselves and convey their views and feelings.

Our UKG teachers and students at Maharishi Vidya Mandir in Puducherry performed "ENACTED STORY" on July 5, 2024.

Our kindergarteners participated with tremendous enthusiasm.

BEADS ACTIVITY(05.07.2024)

Our tiny Pre-KG fishermen are having fun with a simple game that involves a tray of water, some beads, and toothpicks used as fishing rods.

Hand-eye coordination, counting, color identification, fine motor abilities, and sensory integration are all enhanced by the bead collection in water activity.

The exercise was very well-liked by our PreKG students.

SQUEEZING ACTIVITY (08.07.2024)

On July 8, 2024, the UKG kids at Maharishi Vidya Mandir, Puducherry, participated in a Squeezing Activity. During this sensory activity, they transferred water using a sponge. This type of activity is instrumental in developing gross motor skills and hand-eye coordination. Additionally, it helps children build a stronger hand grip and pencil grip, which are important for holding utensils and writing instruments.

COLORING ACTIVITY(GRADE I & II)

"On the occasion of Kamarajar's birthday, the children of our school celebrated by engaging in a fun-filled coloring activity.

They enthusiastically brought out their creative side by coloring pictures of Kamarajar, showcasing their love and respect for the great leader.

The colorful artwork was a testament to their imagination and skill, and it was a wonderful way to commemorate Kamarajar's contributions to our nation.

LOCOMOTOR SKILL ACTIVITY (18.07.2024)

On July 18th, MVM of Lkg & Pre-Kg students participated in a "locomotor skills activity". Locomotor skills are an important group of gross motor skills that kids begin to learn as babies. Walking one of the biggest physical development milestones of all for young children is the first locomotor skill.

Galloping: Traveling with one foot always in the lead Hopping: Moving up and down on one foot Jumping: Going up and down, with both feet in the air at once; can also mean jumping .

TOSS AND CATCH ACTIVITY(19.07.2024)

Our UKG toddlers of Maharishi Vidya Mandir Puducherry did a Toss and catch activity on July 19th, 2024, Throwing activities are a great way to exercise and improve a variety of sporting skills, and kids especially like them.

Although it is very different from throwing, catching is a manipulating talent that is closely related to it. This skill, which depends on the eye's capacity to monitor an object, entails using a body part typically the hands to absorb and regulate the object's force.

PET SHOW(19.07.2024)

MVM Kindergarten organized a "Pet Show" on July 19th. Students enthusiastically participated in the pet show. Children enjoyed seeing pets, including dogs, fish, and birds. The gathering enjoyed the pet show and the amusing antics of the pets which inspired the crowd to have a pet and appreciate its companionship.

CLAY MOULDING

Our Pre-kg wing of Maharishi Vidya Mandir Puducherry did a clay modeling activity on July 19th, 2024, Clay modeling is an activity that is therapeutically beneficial to kids in many ways. One important benefit of clay modeling is the role it plays in early childhood education. Read on to learn how you can use clay crafts to enhance your child's learning and creativity. These skills involve the development of the muscles in the hands and fingers.

DRILL PRACTICE (20.07.2024)

"Get ready for a fun-filled day of sports and fitness! MVM School is conducting a sports drill practice for students from Grade 3 to 11. Let's cheer on our students as they develop their teamwork, discipline, and sportsmanship skills! Let's get active, let's get fit, and let's make this a day to remember!"

GURU POORNIMA(22.07.2024)

On this auspicious day of Guru Purnima, we pay tribute to the guiding lights of our lives – our dear grandparents! They are our first teachers, imparting wisdom, love, and cherished memories that shape our journey.

Treasured Wisdom: Grandparents are repositories of wisdom, sharing stories of their experiences and teaching valuable life lessons that resonate through generations.
