## Principal's Message

Jai Guru Dev

Dear students and parents,

Thank you for supporting and encouraging us. We appreciate the parents for giving feedback on the teachers' work which was mostly positive. We strongly believe that Perfection is not a destination but a continuous journey. Hence, we continue to put our efforts with more vigour and enthusiasm in the coming days. We have also noted the points raised by you during the virtual meeting held recently. All constructive suggestions would be implemented. We also work on sending more videos, printed worksheets and classwork content. As mentioned in the meeting, printed materials would be handed over to the parents twice a month at the designated points and videos would be shared through WhatsApp.

We would like to inform you that we would be focusing more on would skill development apart from providing learning experiences based on textual content. Hence, we conduct more activities in the class room situation as we do with limitation on virtual classes. This would help your ward gain the required skills to meet the challenges of future.

We urge you to spread word about our school among your friends and relatives. This will help strengthen the institution. We also promise you that MVM team will provide conducive environment to boost the interest in the learners to learn more and increase their curiosity to know more.

With Warm Regards,

**Madhusudan N**  
**Principal**
