PRINCIPAL MESSAGE

Dear Parents,

One more successful academic year has just been completed with all of your support. We have a clear vision and practical ideas to give our students self-confidence and the ability to face the multifarious challenges they are going to encounter in their future. We will continue to uphold high standards with full commitment and strive hard to improve the educational process while focusing on student achievement. We have started foundation courses for grade 6th to 9th students to prepare them to appear for entrance exams after grade XII. Also, we have started Robotics classes and five more extracurricular activities. The activities we teach them are meant to help them in their developmental years. We also understand that children are designed by nature to learn through play and exploration. As many experts point out, your child's learning involves an effective partnership between home and school. So please feel free to speak to the teachers about your concerns between 3.30 p.m. and 4.00 p.m. only on Saturday, if any.

Thank you for your cooperation!

(N. Madhusudan)

Principal.

REOPENING OF SCHOOL

It is in this spirit that we have developed this report. We intend to start a dialogue about what could be achieved in the medium to long term if leaders around the world took seriously the public's demand for safe, quality schools for their children. Ultimately, we argue that strong and inclusive public education systems are essential to the short- and long-term recovery of society and that there is an opportunity to leapfrog toward powered-up schools. We have commenced physical classes for the new academic year (2022-2023). All our students of Grades LKG -IX have attended their classes from 1st April 2022. The classes were conducted for a full day, six days a week from 9.00 a.m. to 3.30 p.m. School vehicles plied from day one and started commuting the students to and from school.

KINDER GARTEN FIRST DAY

The First Day of Kindergarten - It was such an amazing and important day filled with tears and smiles in the life of kids! Dressed in different shades of rainbow, our tiny butterflies walked in as MVM students on 1st April, 2022. They got a very warm welcome after which they enjoyed the photoshoot corner with the frame which was made to carry their first day memories forever.

The Children explored their world, discovered how to get along with others, and feel competent enough to try different activities. All the kids enjoyed their first day in MVM to the fullest. We're looking forward to a wonderful year!

EXTRACURRICULAR ACTIVITIES

As said in the above quote, We, the team of MVM Pondy feel elated that we organized for 5 Extra-Curricular activities for 3 days a week (Monday, Tuesday, and Thursday) such as Silambam, Skating, Taekwondo, Chess, and Dance for our children. Each and every child from grade I to VIII have equally participated in any one of the above-mentioned activities.

CELEBRATIONS

Tamil New Year

We celebrated the Tamil new year with lots of joy and happiness on April 13. Our school students from grade IV to IX have wonderfully performed Skit, Dance, Speech, songs, etc., to showcase their talents. It had been a great treat to our eyes.

CELEBRATIONS

Talen Hunt

As said in the quote, our students from grades I to IX showcased their talents on April 20th by Singing, Dancing, giving speeches, reciting poems, etc., on the stage in front of all to overcome the stage fear and also to build their self-confidence. The event was organized and conducted by our teachers with the guidance taken from our Principal and Admin Manager.

TRAINNING

Teachers Training Programme

Following the sentiment expressed in this quote and to learn more teachers of MVM Pondy attended the First Half Yearly Training programme conducted by Maharishi Vidya Mandir, Chetpet for 3 days from April 24 to 26. It was indeed a great learning experience for our teachers which would help them to understand and impart education to the next gen through MVM action plans. Shri Dr. T C Perumal ji, secretary, MVM Group of Schools helped our teachers learn to practice Transcendental Meditation.

TRAINNING

Teachers Training Programme

Dr.B.S. Virudhagirinathan dealt on Early childhood care and education for holistic development to take care of the well-being of the child and make him/her become lifelong learners Mrs. Premalatha, CEO, and her team provided insight on teaching methodology, CBSE norms, and general school administration procedures to be followed in school. Later, subject-wise orientation was given to our teachers by subject experts of MVM Chetpet and our teachers took demonstration classes and shared feedback among themselves to enhance their interactive skills in the classroom situation.

Scout & Guides Training

We feel proud to share that our school's physical education master Mr. Kalvikarasan. P had attended a training programme on Cub master which was conducted by Maharishi group of schools- Kovilambakkam, Chennai for 7 days from 27.4.2022 to 3.5.2022

REINFORCEMENT LEARNING

We really believe that all our school children have talent, ability, or skill that they can mine to support themselves and to get succeeded in life. We started a reinforcement class for our children from grades I to IX to expel their LSRW skills. During these classes, all our children were taught the basics in all subjects. The classes were conducted from May 2 to 20 for half a day, 5 days a week with a few teaching staff and Parent's Cooperation.

BRIDGE COURSE PTM

We are glad that we organized an interaction with the parents on 28th May 2022 (Saturday) for Grade I – IX. The purpose of the interaction was to provide the report cards and get the parents' feedback on Bridge Course. Their valuable suggestions helped us improve the methods adopted so that students could get better learning experiences. The parents expressed their satisfaction regarding Bridge course classes conducted and appreciated the teachers for their efforts and methods adopted. They also thanked the school for making arrangement for assessing the work done by their wards.
