Our founder

His Holiness Maharishi Mahesh Yogi's advice to all the teachers on their role is based on his concept of a student. According to him "The potential of every student is infinite. The time of student life should serve to unfold that infinite potential so that every individual becomes a vibrant centre of total knowledge".

Who we are

We are a chain of 40+ schools blossoming all over Tamilnadu & Puducherry with a vision to set benchmark of quality education through innovative teaching methods and a unique teaching philosophy. Our best infrastructure adds on to the overall development we provide in our creative and unique academic curriculum, engraving strong values in our future global leaders.

Mission

The school strives to improve the performance of the students every year in such a way that at least 40% of the students get into high profile institutions and other reputed institutions. It ensures to improve the students' physical and mental health through physical fitness programmes. Transcendental Meditation, Yoga and Pranayama make the learning environment happy and peaceful.

Vision

Maharishi vidya Mandir stimulates a safe learning environment with innovative and responsive teaching thereby aspiring for academic excellence and holistic growth. The school makes the students, lifelong learners, ensure their total brain functioning and enable them to unfold their full creative potential to enjoy healthy, happy and successful lives.

Principal's Message

Jai Guru Dev,

Dear Parents,

Welcome to M.V.M. Pondy.

We hope that you share with us the belief that every child should have the opportunity to meet their potential and develop the academic, creative, social and spiritual skills that will enable them to lead a happy and contented life. We understand that to be well positioned for the future, which we cannot predict, the students must be able to work productively and generate novel solutions to improve our world.

The founder of MVM Maharishi Mahesh Yogi was a great visionary and sage. MVM is a pioneer in the field of integrating transcendental meditation, Yogasanas and pranayama in the school curriculum. The practice of these enable the students to be free from stress and be emotionally stable. We use a wide range of styles and resources to excite, motivate and challenge our young people to succeed.

The best methods, the best of people and the best of technology all come together at MVM to form the ideal school. Come to MVM and be sure of your kid's in the highly competitive education scenario.
